

Quality Policy

AVALEX Technologies, a leading provider of rugged surveillance equipment, is committed to on-time delivery of high quality products and services that meet or exceed our Customer's expectations. This commitment is achieved by embracing a culture of "continuous improvement" that promotes teamwork, training, and 100% Customer satisfaction.

Quality Objectives are:

1. Provide error-free and on-time delivery
2. Provide superior value to our customers
3. Implement and maintain registrar certificated QMS
4. Provide company awareness of the QMS through a successful training program
